

Ullesthorpe C of E Primary School – Our Local Governing Body

Our Local Governing Body sets the strategic vision for our school. It plays a vital role in ensuring the best possible education that takes every child as far as their talents allow. Crucially, that means creating robust responsibility for using and being familiar with objective data on the performance of pupils, teachers and finances to ask the right questions. It means ensuring resources are allocated to strategic priorities and safeguarding the highest standards of financial propriety. It also means ensuring that our school prepares pupils for life and implements the Prevent Duty and promotes fundamental British Values to protect them from the risks of extremism and radicalisation.
